We are passionate about South America Travel, and are eager to share with you our favorite Buenos Aires restaurants, our insider’s tips for Machu Picchu, or the secret colonial gems of Brazil, to help you plan an unforgettable South America holiday.

SouthAmerica.travel is proud of its energetic Team of travel experts. Our Travel Consultants come from around the world, have traveled extensively throughout South America and work “at the source” from our operations headquarters in Rio de Janeiro, Lima and Buenos Aires, and at our flagship office in Seattle.

The idea for SouthAmerica.travel first came to Co-Founders Juergen Keller and Bradley Nehring in 1999 while traveling through Brazil’s Amazon Rainforest. The two noticed few international travelers, and those they did meet had struggled to arrange the trip by themselves. Expert custom travel planning to Brazil was scarce - nearly nonexistent.

This inspired the duo to fill the void and help travelers plan incredible customized trips to Brazil, and later all South America. With five offices on three continents, as well as local phone numbers in 88 countries worldwide, the SouthAmerica.travel Team has helped thousands of travelers fulfill their dream of discovering the marvelous and diverse continent of South America.

Here are our favorite 12 itineraries, to customize, combine and inspire. Let us create your perfect tour - we’ll take care of all the details!

Where will your dreams take you? Let’s start planning today!
