

CRUISE ANTARTICA ABOARD THE MS MIDNATSOL

Hurtigruten Cruises

18 DAYS / 17 NIGHTS

Celebrate Christmas or start the New Year on the Chilean Fjords and Antarctica Cruise aboard the MS Midnatsol Hurtigruten cruise ship. This Legendary Magellan cruise takes you past Chilean fjords towards the Falkland Islands. Spend five days exploring Antarctica and enjoy plenty of shore excursions to see the White Wilderness and wildlife. Aboard the ship, enjoy lectures, activities, and delicious food as you cruise in style. End the journey in Cape Horn and pass by more of Chile's beautiful fjords.

ITINERARY THE LEGENDARY MAGELLAN CHILEAN FJORDS AND ANTARCTICA

Day 1 - Day 5

CHILEAN FJORDS AND CAPE HORN

Arrive in Santiago and catch a flight to Punta Arenas where you will board the MS Midnatsol. Enjoy a welcome dinner on the ship and get to know some of your fellow cruisers. Visit the small island, Isla Tucker, and walk past its colony of Magellanic penguins along with sea lions, dolphins and birds. Sail through the narrow Gabriel Canal and snap some photos of incredible Chilean fjords where you can admire the contrasts of the mountains and deep fjords. Disembark from the MS Midnatsol and enjoy a shore excursion at Garibaldi Fjord where you can get up close and personal with the wildlife and glacier. Cruise past Cape Horn and if the weather permits enjoy another shore excursion. Celebrate Christmas Eve on the ship and celebrate how they do in Norway with a Christmas tree, carols and traditional dinner.

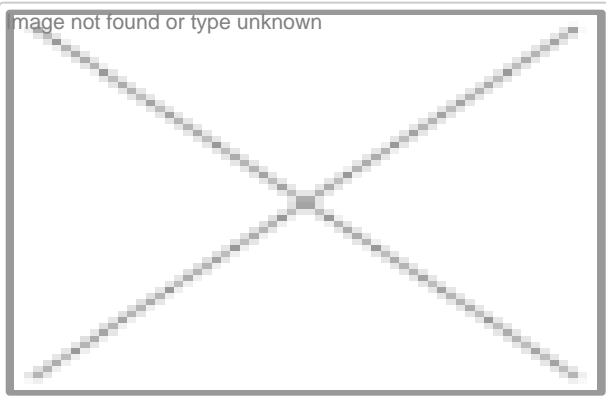

Day 6 **AT SEA**

During your day at sea, the Expedition Team will host fun and exciting lectures where you can further your knowledge on Antarctica.

Day 7 - Day 13 **ANTARCTICA**

You have crossed the Antarctic Convergence and will not begin entering Antarctica. Walk around the deck and spend some time in the observation lounge to look for the Antarctic penguins, whales, and other signs that you have made it to Antarctica. As you cruise past icebergs and massive ice fields, capture some spectacular landscape photos. Choose from a variety of excursions including kayaking, hiking or visit some penguin and seal colonies.

Day 14 - Day 16 **FALKLAND ISLANDS**

After exploring Antarctica, venture to the Falkland Islands, a small town looks very similar to a smaller picturesque England. Visit Stanley, the capital, and walk around the city or venture towards the wilderness to see more wildlife. Pass by New Island, a beautiful island with white sandy beaches and turquoise waters. If it weren't for the colder weather, you could think you were in the Caribbean. Go ashore and spot more penguins and elephant seals. Pass by Carcass Island, a birders paradise where you can see ducks, penguins, albatross, wrens and geese. Take a small boat ashore and continue exploring the island for a closer look at the birds.

Day 17

AT SEA / MAGELLAN STRAIT

As you venture through the Magellan Strait, you can recap your experience with you friends and enjoy your last evening at sea. Celebrate with a farewell dinner and say your goodbyes.

Day 18

PUNTA ARENAS

Today you disembark from the ship and continue your journey to your next destination in South America or catch a flight home.
