

PUERTO DESEADO PATAGONIA BIRD WATCHING TOUR

Patagonia Bird Watching Tour - Tour Extension

4 DAYS / 3 NIGHTS

The Puerto Deseado region is a must-see destination for nature & wildlife enthusiasts looking to see penguins, marine life, and various bird species in Patagonia. This 3-day Patagonia bird-watching tour includes stopovers at the Jaramillo Petrified Woods and the Cabo Blanco penguin rookery, where you're sure to see some penguins waddling along the rocks & beach.

Note: This is a tour extension, combine this tour with one of our full package tours.

- Airfare within Argentina
- Personal expenses and tips
- Meals not mentioned in itinerary

HIGHLIGHTS

- Jaramillo Petrified Woods
- Río Deseado
- Cabo Blanco penguin rookery

ITINERARY

Day 1

ARRIVE IN PUERTO DESEADO, PETRIFIED WOODS TOUR & DINNER

Enjoy a welcome reception at Comodoro Rivadavia airport and be escorted by your guide to Puerto Deseado. Make a stop at the Jaramillo Petrified Woods on the way. Fossilized by the effect of volcanic eruptions millions of years ago these woods now rest as rock statues and show evidence of the effects of volcanic dust. Amazingly, the terrain was once a palm-covered landscape instead of the bleak, barren plateau that it is today. Check into your hotel in Puerto Deseado and relax for the rest of the evening.

Day 2

FULL-DAY PUERTO DESEADO BIRDWATCHING TOUR

Set aside the entire day to visit Ría Deseado, an arresting geographical landscape created by the inlet and the altered course of the river spanning hundreds of years. Once covered by the sea, the area is renowned for its unique wildlife and geological features. The only region where five different species of cormorants co-exist, see them feeding, nesting or flying high above the terrain. From October to April, the star of the inlet is undoubtedly the striking Magellanic penguin. Explore the rookeries on Quiroga Island, Punta del Paso Key, Birds Island and Chaffers Island for the chance to see them in their natural habitat. Don't miss seeing Rockhopper penguins who are also endemic to the area. After feasting your eyes on the natural wonders in the great outdoors, return to the hotel in the evening.

Day 3

CABO BLANCO NATURAL RESERVE

Discover the beauty of Cabo Blanco Natural Reserve, a magnificent rock formation that constitutes the main sea lion rookery. Take pleasure in watching the playful antics and daily life of the droves of sea lions, penguins and other marine wildlife before returning to Puerto Deseado. Return to your hotel in the evening and unwind after a gentle day of sightseeing.

Day 4

DEPARTURE

It's time to say farewell to the Puerto Deseado and transfer to Comodoro Rivadavia Airport for a flight to your next destination.
