

BOLIVIA AMAZON RIVER CRUISE

The Reina de Enin

7 DAYS / 6 NIGHTS

Cruise along the Mamoré and Ibare Rivers in the Bolivia Amazon basin, crossing remote tributaries, lagoons, and beaches in this little-known part of the Amazon. You can go kayaking, hiking, horseback riding, visit indigenous villages, and do much more on the Flotel Reina de Enin Amazon cruise. Look for parrots, herons, toucans, monkeys, turtles, pink river dolphins, crocodiles, capybaras, hummingbirds, and a variety of other fauna and flora while exploring the Bolivian Amazon. In the evenings, relax on the deck of the Amazon cruise boat, sipping a tropical drink or listening to the sounds of the jungle lull you to sleep.

Note: This is a tour extension, combine this cruise with one of our full package tours.

ITINERARY BOLIVIA AMAZON RIVER CRUISE

Day 1

ARRIVE IN THE BOLIVIA AMAZON BASIN

Arrive at the Trinidad airport in the northeastern region of Bolivia. Your Bolivia Amazon guide will greet you and transfer you to the port on the River Ibare. Board the Floating Hotel Reina de Enin, where you'll embark your adventure on a Bolivia Amazon Cruise. The boat will head towards the Mamoré River, the largest river in Bolivia, and you'll have plenty of opportunities to spot wildlife including bufeos (river dolphins), macaws, and capuchin monkeys. Relax on the cruise boat throughout the afternoon, settling into the rhythm of the rainforest. Lunch and dinner will be served aboard the ship.

Day 2 - 3

RIVER DOLPHINS & ESTANCIA EL CARMEN

Continue along the confluence of the Ibare and Mamoré rivers in the heart of the Bolivia Amazon. Swim in the river with the dolphins, and go canoeing in small tributaries and lagoons. After dusk, take a small motorboat on a photo safari to spot caiman (alligators), whose eyes reflect light at night. All meals included on board.

Continue on the Mamoré River today, with more chances to go swimming with dolphins, and explore rivers and spot wildlife in small boats. After lunch aboard the boat, visit the Estancia El Carmen, a cattle ranch. In this part of Bolivia, cattle ranches are very common. Go horseback riding through the forests and savannah, and look for storks, herons, wood peckers and parrots. After dinner, glide along the river listening to the sound of nature and stargazing. All meals included today.

Note: If doing the 3 day itinerary, return to the port in the late afternoon.

Days 4 - 7

VICTORIA LAGOON & CANOEING EXCURSION

Today, spend the day visiting the Victoria Lagoon, where you can go swimming, fishing, relaxing on the shore, or take a nature walk to learn about the diverse tropical flowers. In the afternoon, you can go canoeing in a locally-handcrafted canoe carved out of a single slab of wood. Relax on the cruise boat in the evening. All meals included aboard.

Note: If doing the 4 day itinerary, return to the port or head to the Loma Suares Port on the Ibare River.

After breakfast aboard the ship, choose from a number of activities each day. You can go fishing for pacú, pirate fish, piranhas, and catfish. Go horseback riding through farmlands, grasslands, and forests to the Caracoré farm. Explore the channels along the Ibare and Mamoré rivers, taking small boats and canoes in order to traverse narrow waterways. Or travel to the furthest lagoons of Jocreñi, Morenita or Montevideo, where you are sure to spot the most wildlife. On the final day, return to the port or head to the Loma Suares Port on the Ibare River. Then transfer to the airport for your flight home.
