ITINERARY AMAZON RIVER CRUISE

Day 1

ARRIVAL IN MANAUS

Monday

Transfer from your hotel in Manaus to Amazon Clipper Cruise at 2.00 pm. As you board, enjoy your welcome drink as you listen the guides when tell you about the journey you are about to set off and the vessel.

After a snack, meet at the leisure room to receive a speech on the basic aspects of the unique and vast Amazon ecosystem and how to preserve it.

During the evening, you can order a delicious sweet and lemony caipirinha, Brazil's national drink.

After dinner, while the vessel keeps navigating upstream the Amazon River, you will go on a night safari to discover the nocturnal fauna. Here, using the searchlights, you may be able to spot: caimans (a crocodile specie), sloths, frogs, snakes, and night-hawks.

Day 2

AMAZONIAN BIRDS & RIVER DOLPHINS

Tuesday

Wake up early and hop in the canoe to explore Janauaca Lake and the waking forest. Keep your eyes open for exotic birds and Pink River Dolphins. After breakfast, visit the inhabitants of the lake who rely on the plantations, fishing as well as fruit, rubber and Brazil-nut trees. Try your hand at piranha fishing in the afternoon and try to spot a large flock of egerets. After dinner, explore the forest by canoe for the chance to observe nocturnal animals and gaze upon the millions of stars and constellations of the southern hemisphere.

Day 3

MEETING OF THE WATERS & MANAUS

Wednesday

Enter the Januari Ecological Park in search for the Victoria Regias, one of the biggest aquatic plants in the world. This giant water lilies have a star-shaped flower that blossoms during the night. Explore the mysterious flooded forest by canoe, or stroll along a catwalk, observing wildlife in the trees and water. Enjoy breakfast while boat begins navigation toward the Meeting of the Waters. Upon return to the port of Manaus, take in views of the floating docks and the dome of the Opera House.
