M/C CORMORANT GALAPAGOS CRUISE

4 DAYS / 3 NIGHTS

Hop aboard the Cormorant Galapagos Cruise for an unforgettable 4-day adventure! With daily on-shore excursions and kayaks at arms reach, you won't believe the amount of Galapagos exploring you will partake in the next four days. In contrast, when you're not exploring, cabin fever is put to rest on this brand new, modernly designed ship. Relax in the various social areas, soak in the onboard jacuzzi, lay out on the huge sun deck, or spend some time in the solitude of your private balcony (featured in every one of the spacious cabins). The Cormorant Galapagos Cruise might just become your home away from home.

Note: All itineraries can be combined, perfect for travelers looking for a longer Galapagos cruise.

ITINERARY 4-DAY CRUISE

Day 1

ARRIVAL & KICKER ROCK

Wednesday

Upon arrival, a Cormorant representative will help you navigate the airport and then transfer you to the yacht. Climb aboard and get situated in your cabin, before joining the others for a welcome briefing and lunch.

Later, enjoy snorkeling around Kicker Rock. The site is located off of San Cristobal and features lava cone and two vertical rocks rising far above the ocean. This site is a favorite amongst many due to the wildlife that surrounds the area.

Day 2

SUAREZ POINT, GARDNER BAY & OSBORN ISLET

Thursday

Today, explore Española Island. On this island, you will find mockingbirds, blue-footed boobies, albatross, Darwin finches, Galapagos Doves, and more. Then, visit Suarez Point, where you will have the chance to visit the ocean front where large albatross use a nearby cliff as a launching pad. This landscape is particularly great for photography.

After, head to Gardner Bay & Osborn Islet. Walk along the white-sand beach and say hello to the playful sea lions. This area is also a breeding site for waved albatross.

Day 3

CORMORANT POINT, POST OFFICE BAY & BARONESS VIEWPOINT

Friday

Today, you will visit two sites on Floreana Island. While you're on the island, you can snorkel or watch for flamingoes roaming the black sand beach. Then, head to Cormorant Point. Land on a green colored beach and hike to a salt-water lagoon, where you can also find flamingoes and other birdlife. Next, move to Champion Islet, one of the best places to snorkel in the Galapagos.

In the afternoon, visit the famous Post Office Bay, where you can write post cards to your family back home. Then, visit the Baroness Viewpoint, in the northern part of the island. Named after the Austrian Baroness, this view features a beautiful and historic landscape.

Day 4

CHARLES DARWIN STATION & DEPARTURE

Saturday

Before you leave the Galapagos, pay a visit to the Charles Darwin Station Breeding Center. Observe the various sub-species of turtles interacting with one another, and possibly you! Learn about the conservation efforts that keep the Galapagos Islands in the natural state that you find them today.

After your visit, say goodbye to the Galapagos Islands and the crew of the Cormorant. Head to the Baltra Airport for your flight to your next destination!
