

## AMAZON DELFIN II CRUISE

Peruvian Rainforest Cruise

### 4 DAYS / 3 NIGHTS

A 3-nights program aboard Delfin II Amazon Cruise offered during the High Water or Rainy Season, which lasts from December to April. The departure day is on Sunday, returning on Wednesday. It is possible to combine this with the 4-nights High Water Season tour on a 7-nights program.

The native communities to visit may be in very humble conditions, so any help you can offer will be wholeheartedly appreciated. Kids love shirts, pencils, notebooks, and toys. Candies also bring them a great source of joy. Please bear in mind that changes and adjustments in the itinerary may occur due to weather conditions, river conditions, and/or airline issues. The use of kayaks will depend on the weather. Amazon Delfin Cruise fishing policy is in the form of catch and release. Departure on November 9 requires minimum 5-cabins reservation.

**Note: This is a tour extension, combine this cruise with one of our full package tours.**

## ITINERARY HIGH WATER SEASON, 3 NIGHTS ITINERARY

Day 1

## ARRIVAL IN THE AMAZON CITY OF INQUITOS

**Sunday**

Arrival at Iquitos Airport at late afternoon and transfer to the city of Nauta and its port. Embarkation on Delfin II Cruise to start off the journey down the Marañón River.

Overview of the schedule with the guide, to bear in mind the geographical, historical and natural elements to be seen on the road.

Welcome cocktail on the third deck made of exotic Amazonian fruits and pisco, Peru's wonderful national brandy liquor.

Day 2

## CLAVERO LAGOON & IRIKAHUA CAÑO CREEK

**Monday**

Clavero Lagoon:

During the first morning aboard, it is recommended to wake up early to appreciate one of the most important areas of the Pacaya Samiria National Reserve. Early rising is always rewarding since wildlife is most abundant and active at dawn.

Skiff exploration around Clavero Lake, to get deep into the rainforest and its fantastically diverse flora and fauna.

Irikahua Caño Creek:

Skiff exploration through the Irikawa Caño Creek, home to a huge amount of bird species, butterflies and other diverse insects, apart from the funny and noisy monkey troops.

Day 3

## BELLUDA CAÑO CREEK & DORADO RIVER

**Tuesday**

Belluda Caño Creek:

Skiff exploration around Belluda Caño Creek, including the unforgettable encounter with gray and pink Amazonian dolphins. These friendly animals are considered to be magical by the locals, who have their own legends about them. Many tropical birds can also be seen.

Dorado River:

In-depth skiff exploration around Dorado River, where animals such as scarlet macaws, festive parrots, monkeys, and butterflies can be found.

Day 4

## **PUERTO MIGUEL COMMUNITY, IQUITOS AIRPORT & CREA**

**Wednesday**

Puerto Miguel Village:

Visit to Puerto Miguel to meet the local villagers that have been living in Amazonia for generations. There, passengers will pass by a typical schoolhouse and go to a market with local crafts available for purchasing.

Amazonian Rescue Center (CREA):

Visit to the Amazonian Rescue Center (CREA). Here, passengers will get the chance to meet the docile and friendly baby and adult manatees, learn about them and their condition as endangered species, and even stroke and feed them. The center accepts donations to keep on working and helping the animals, so passengers should feel free to do it, if they wish. Transfer to Iquitos Airport. Assistance will be provided at the airport.
